

# Learn to Design, Install and Maintain a Carolina Yard

A landscaping program that uses 9 basic principles to teach folks how to get more out of their yards with less time and money.

## Teaching points will be:

- Landscape Design Principles
- Plant Selection
- Conserve water
- Pest Control
- Proper Site Selection
- Soils and Bed Preparation
- Reduce stormwater runoff

Cost: \$10.00 (Must receive check or cash to reserve your spot!) Contact local Cooperative Extension Center for payment directions.

**NOTE:** Series workshops continue from week to week.
